Summer 2019

This year marks P.I.'s 40th year of service! We've made great strides in ensuring people with disabilities have the opportunity to fully participate in their community in all aspects of life. In conjunction with our milestone anniversary, we are excited our sculpture garden and brick pathway project that is bringing greater visibility to P.I. and enjoyment to the community.

We have designated the south side of P.I.'s new administrative office, located in downtown Newton, to provide a place for the people we serve, our employees, community friends, family and visitors to enjoy sculptures and parklike atmosphere. The P.I. Foundation's sculptures, "**Communion**" and "**Annie**" are situated within this area surrounded by beautiful landscaping, brick pathway and benches, among other features. Commemorative bricks that surrounded the sculptures at P.I.'s former headquarters and grounds have been incorporated into the design. It features a brick rug inset within a concrete walkway next to the building.

The P.I. Foundation is offering 360 additional pavers that can be personalized for the expansion of P.I.'s sculpture garden. We've enclosed a contribution form for your convenience. This form may be duplicated for multiple bricks or for other contributions and amounts.

As we celebrate 40 years of quality services and advocacy for disability rights, we thank the many individuals who contribute to the P.I. Foundation. Your support of our 40th anniversary will not only enhance our community space, it will also help P.I. support people with disabilities to achieve a fulfilling life in their community. **Thank you for making our progress possible!**

Sincerely,

Sandy Ham
